

Consolidated Consultants Group
Statement of Capability

General:

Consolidated Consultants Group (CCG) was established in 1993 as a premier regional consultancy firm, delivering integrated services in architecture, engineering, planning, and construction management. With a mission to define the cities of tomorrow, CCG has steadily built a reputation for design excellence, technical innovation, and project delivery across the Middle East and beyond.

CCG employs a multidisciplinary team of over 350 professionals across 4 regional offices, with expertise in civil, mechanical, electrical, structural, architectural, environmental, transportation, and urban planning disciplines. Its structured project delivery model, supported by advanced digital tools and BIM technology, ensures alignment with international best practices and client expectations.

With extensive experience in both private and public sector projects, CCG continues to be recognized as a trusted consultant across complex developments, holding a spot among ENR's Top 100 Global Design Firms.
